Fire Extinguisher Training

Health and Safety Courses for Staff and Managers

Who should attend	All staff expected to use fire extinguishers and other fire fighting equipment
Why you should attend	You have had fire safety awareness training and you understand the duties of a Fire Warden/Marshal but you would like some practical experience of choosing and using different types of extinguishers
What you will learn	How to choose the correct extinguisher and how to operate a range of extinguishers found in a typical workplace
Expected outcomes	You will be confident in using fire fighting equipment in your workplace and other environments
Course content	• Understanding the types of fire that can occur • When to fight the fire and when to evacuate • Choosing the correct extinguisher for the fire including fire blankets • The consequences of choosing the wrong extinguisher • The techniques for extinguishing a range of fires • Maintaining your escape route whilst fighting the fire • Fire extinguishers demonstration • Practical – using the extinguishers and blanket
Assessment	All staff are expected to take part in the practical exercise
Venue	In-house course - at client site
Cost	Call for quote
What's included	All course material and hire of equipment
Course duration	Half day
Recommended pre-requisites	None
Recommended follow-up courses	None
